A first year Computing undergraduate with excellent research, analytical and technical skills that are demonstrated by achieving outstanding grades on university projects, 7 months as a data entry clerk at the National Bureau of Statistics in Tanzania. Am a quick learner with passion in technology, competent in using social media platforms such as but not limited to: Facebook, Twitter, Instagram, WeChat, Google+ and LinkedIn. Currently seeking a part-time job in the marketing, designing, administrative, secretarial or IT sectors.

Education Background:

2016 – Present, University of West London, BSc. (Hons) Information Technology Management for Business. Volunteered to be a Student Ambassador for the ITMB Course.

2013 – 2015, Asia Pacific University, Diploma in Business with Information Technology, Chosen for a class representative position from 2013 -2014.

Modules include:

Business Statistics (A+), Numerical Skills (A+), Systems Analysis and Design (A), Multimedia Applications (B), Visual Basic.NET (A), Managing Information Systems (A), Marketing (A), Managing Business (B)

2009 – 2012, Eagles Secondary School, GCSE including English (C) and Basic Mathematics (D)

Technical Skills:

Languages: HTML (Intermediate), CSS (Intermediate), Visual Basic (Intermediate),

Software: Competent in using Windows OS, MS Office Suite (Word, Excel, PowerPoint, Access and Outlook) also familiar with Apple Mac OS X.

Design: Practical knowledge of Photoshop and Lightroom, Sketch (Beginner) and Educated in Publisher.

Communication Skills:

- Experienced at delivering different types information and confidently answering questions to and from different people especially in presentations during classes at university, morning speeches at O-level and announcements at work and similar situations.
- A familiar with portraying complete and understandable information both face-to-face and over the phone.
- Independently learning new languages such as Japanese, Malay, Korean, French, Italian, Spanish and Arabic.

Leadership Skills:

- Led the accomplishments of a number of my assignments throughout my diploma in university and other group projects in O-level.
- Capable of providing work and instructions to colleagues as well as a helping hand whenever and or wherever needed.

Teamwork:

- Worked in great amount of projects and assignments in university during my diploma which highlights my capability of prioritizing work in course works and group projects.

- A member of the Alan Turin and Ada Lovelace club at the University of West London in designing and developing new technologies for the university.

Organisational Skills:

- Excellent at time management in meeting a number of university assignments deadlines that are back-to-back.
- Capable of multitasking even when working under pressure or in a number of different projects at the same time.

Employment:

- October 2015 – April 2016 Data Entry Clerk, National Bureau of Statistics of Tanzania.

Additional Information:

I am fact-based learner because whenever I see something I always want know how it works so that I can either improve it or use it efficiently. I do graphics designing as a talent but I always connect it to. I extensively do system design rather than other types of designing. I am very inquisitive and I have a thirst for knowledge. I like playing basketball, swimming, travelling, working from home or on the go. I am a conscientious person with a good for detail. I prefer hands-on approach types of work rather than desk work, but if I have to do desk work then I will.

Have attended networking and graphics designing courses at LearnIT Institute of Business and Technology and University of Dar Es Salaam Computing Centre both in Tanzania.
